CHARADES!

A FUN AND CREATIVE WAY TO LEARN ABOUT ANIMALS!

How to Play: 2-6 players

- Cut out the Charade squares.
- Fold them and mix them up.
- Choose a player to go first and have them take a square.
- The player must then silently pretend to be that animal only using body language and movement as the clues.
- The player that guesses the animal correctly gets a point.
- To make the game easier for younger children cut out the word box so they have a list to look at while they try to guess.
- To make the game harder, add more of your own animal cards.

Word List

Shark
Jellyfish
Snail
Crab
Snake
Frog
